#### **ACADEMIC REFERENCE**

Name:
Title, including credentials, example MD, PhD:
Institution:
Relationship to Student:

**TO BE COMPLETED BY SUPERVISOR:**

Student's Specific Responsibilities and Research Activities:

Student's Learning Objectives:

How will the Student benefit from the Summer Studentship/Research Project:

**Applicant:**

I understand that if my application is successful, and I accept this Studentship:

- 1) I will not accept a scholarship, bursary, studentship, etc. from any other source for the period covered by this studentship;
- 2) my name, contact information, and project details may be made available to studentship sponsors for publicity and reporting purposes;
- 3) this support is for a FULL-TIME position and I will not hold other jobs or positions, including enrollment in other courses/undergraduate courses that compete with the research time for the period covered by this award.

Date

**Supervisor:**

I have discussed the above program with the applicant and I am prepared to accommodate the individual and to supervise their work if a BC Cancer Summer Research Studentship is awarded.

I verify that I hold an active research grant or other form of peer-reviewed research funding and have a full research or faculty appointment with BC Cancer, per the competition guidelines.

Supervisor's Current Grant Support for this project, including funder name, grant title, and grant start/end date in full (example May 1, 2025 – April 30, 2027). This information MUST BE provided:
